DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 01/30/2004 has been entered.

Allowable Subject Matter

2. Claims 1-33 are allowed.

3. The following is an examiner's statement of reasons for allowance: The amendments made by the Applicant to more clearly define the invention, namely, that the organic film is formed on top and side surfaces of the scintillator layer and it extends at least partially into the gaps between the columnar crystals of the scintillator layer, overcome the prior art rejection and thus render the claims allowable. The Kingsley and the newly introduced references contain an organic film (Kingsley) and coating (JP 5-93780, 63-215987) only on top and on the side of the columnar scintillating crystals and not in the gaps between the columns.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2878

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
